CIA INTERNAL USE ONLY

18 November 1959

1. About a month ago AFCIN 3D inquired as to the feasibility of returning their code sheets to them for use at SAC in the latter's Minicard experiment. 25X1 2 made arrangements with to send groups of code sheets to Mr. Stein, AFCIN 3D about once a week. An original group of 2500 collected since July was sent to Mr. Stein 3 weeks ago. 25X1 3. Yesterday he called to ask why no more had been sent informed that reproduction of cards was slow and therefore the code sheets could not be released. In the interest of DD/MD processing schedules, DD would like a weekly report from MD giving (1) the number of code sheets sent to AF and the approximate date they were received in the Agency and (2) the number of AF code sheets on hand in various stages of processing.
